

The NAR Visits Washington To Appraise The Situation At Capitol Hill

This year, thousands of members of the National Association of REALTORS[®] will flock to Washington D.C. to discuss public policy and insider news. The NAR is the largest single trade association in the United States with over 1.2 million members and is an important thought leader for the residential and commercial real estate industries. The REALTORS[®] Legislative Meetings & Trade Expo will feature committee meetings, special issues forums, and an industry tradeshow.

On The Move, Inc. was founded in 1992 as a turn key solution that empowers real estate agents to advertise and self-manage local rental trucks. Since that time, On The Move, Inc. has expanded to become the fourth largest truck rental service in the USA. On The Move, Inc offers both 14' and 15' trucks that are designed especially for real estate professionals.

The team from On The Move, Inc will be at The REALTORS[®] Legislative Meetings & Trade Expo showcasing their complete truck rental program. Their Leasing Program offers real estate agents payments and a pre-established purchase program. Attendees that sign up the show, will only be charged \$25 for the first year of their insurance license program.

COME VISIT US AT BOOTH 319
